BUREAU OF WATER PROTECTION AND LAND REUSE
OFFICE OF THE BUREAU CHIEF

FEB 05 2010

Dear Mr. Stacey,

I am writing to ask that you support the new stream flow regulations without allowing them to be weakened at all.

Also, Class 4 category is a problem. The draft regs have no standards for keeping Class 4 streams alive. These streams are written off, and may be allowed to go dry. Class 4 should be eliminated or changed so that every stream in the state will have some level of protection.

Sincerely,

A handwritten signature in cursive script that reads "Molly McKay".
